

SEARCH FOR MISSING AMERICANS

Members of the U.S. Department of Defense's Prisoner of War/Missing Personnel Office in Washington, DC, will be visiting Slovenia during the month of August to conduct research and interviews in connection with several unresolved cases of American servicemen missing since World War II. The researchers will be assisted by U.S. Embassy Ljubljana's Defense Attaché Office and are requesting information from anyone who may have knowledge of incidents potentially related to missing American servicemen in Slovenia.

U.S. researchers are particularly interested in information related to aircraft shoot downs, crash sites, the capture or burial of persons believed to have been U.S. servicemen, and any groups who may have aided downed air crews. Those who have information are requested to please e-mail or call the U.S. Embassy -
